# VEGAN

## A bit more about it..

People choose to be vegan for health, environmental, and/or ethical reasons. Some vegans feel that consuming eggs and dairy products promotes the meat industry. Some people avoid these items because of the conditions associated with their production.

Many vegans choose this lifestyle to promote a more humane and caring world. They know they are not perfect, but believe they have a responsibility to try to do their best, while not being judgmental of others.

Whatever your reason for choosing vegan, we have everything that you could wish for, this list includes cheese, milk and meat alternatives, vegan chocolate and much more.
