

*Sustainably Yours  
a Christmas Selection*

**Suma**  
CO-OPERATIVE SINCE 1977

# WE ARE SUMA

---

Suma is a wholefood collective founded in 1977 by a liberally-minded group of people who believed there was a better way to be in business, and actively set out to create it.

Today we are stronger than ever. We deliver over **7000 vegetarian, natural, responsibly sourced products** to businesses and communities across the UK and internationally.

We are one of the **largest equal pay co-ops in Europe**, working together to improve our society and support our suppliers and customers.

A festive dining table set for Christmas. The table is covered with a teal tablecloth and decorated with a centerpiece of greenery, red berries, and lit candles. Several place settings are visible, each with a white plate, a teal napkin, and a glass. In the background, a Christmas tree is decorated with warm white lights, a large teal paper pom-pom, and other ornaments. A string of colorful paper lanterns hangs across the top of the frame. The overall atmosphere is warm and inviting.

# Welcome to our Seasonal Offering

We're excited to be sharing a sustainable and ethical Christmas with you and your customers. Our buyers have done the hard work so you can shop at ease knowing our seasonal collection has been carefully selected with product ranges that tick all your boxes, including being vegetarian, organic, vegan, fair trade, hand-crafted, eco-friendly, recycled and plastic-free!

# Order in advance

Ordering in advance means your seasonal stock is reserved and we deliver it in time for the Christmas period.

## How to order

### EMAIL

You can email your order to [sumaseasonal@suma.coop](mailto:sumaseasonal@suma.coop).

### ORDERING DEADLINE

The deadline for placing all pre-orders is **28<sup>th</sup> June 2024**.

The **minimum order** for pre-ordering is £750 excluding VAT.

### NEW FOR THIS YEAR Pre-order only lines

Unlike all the other lines which will be available to order from our September price list, these lines won't be available in September. Our small suppliers have minimum order quantities. We'll let you know once we reach them.

### Chilled and Frozen lines

These exciting new lines aren't available to pre-order but will be available from September. Pricing TBC with the supplier by 01.09.24.

## Deliveries

We aim to send your Christmas orders on our own vehicles combined with your usual orders. A few exceptions will be sent via third party carrier deliveries. All orders will be picked and delivered during October.

If you have any questions, please contact:  
[sumaseasonal@suma.coop](mailto:sumaseasonal@suma.coop)

## Look out for...

**G** Gluten-free

**O** Organic

**V** Vegan

# TRULY FRESH CHOCOLATE

---

*locally sourced ingredients*

---

Established by husband and wife duo Andy and Claire Burnet, Chococo has been crafting exquisite handmade chocolates since December 2002 along Dorset's Jurassic Coast.

Pioneering the creation of truly fresh chocolates, they use locally sourced seasonal ingredients, blending them with fine origin chocolate and no additives. Originally from marketing and finance backgrounds in London, the couple's love for quality chocolate and Claire's passion for flavour, inspired by her mother's cooking with unique ingredients, led them to create Chococo. Their name combines "Choco" from chocolate with "Co" from company, reflecting their commitment to pure, locally sourced treats, rooted in the scenic beauty of Purbeck, Dorset.

*Fine origin  
chocolate and  
no additives or  
preservatives.*

“  
**It was my parents' move to Belgium in the 1980s which left a lasting impression on all the family and was where I discovered indie chocolatiers crafting with origin chocolate.**  
”

**WILLIE'S CACAO**

Britain's first bean to bar chocolate factory uses only 100% natural ingredients and single estate cacaos with highly individual flavours to make chocolates by hand the traditional way.

# MONTEZUMAS\*

EXTRAORDINARY  
CHOCOLATE

Introducing the 2024 seasonal range from Montezuma's Chocolates. From our festive hollow chocolate snowman to our advent calendars in 2 small varieties, we've got a fantastic range of beautiful gifts to suit everyone and stand out on your shelves this festive season!

 /montezumaschocolates

 @montezumaschocs

 montezumaschocolate

## MONTEZUMA'S

While camping on a cocoa plantation in South America, Helen and Simon ate lots of amazing chocolate which led to an idea. In 2020 they started Montezumas, hand-making all the bars using the best quality ethical cocoa sourced from plantations that meet their strict 'Trading Fairly Policy'.

# CONSCIOUS CRAFT

---

## *Chocolarder's Journey*

---

Chocolarder stands as one of the UK's premier bean-to-bar chocolate makers, based in Cornwall and founded in 2012 by former pastry chef Mike Longman.

Using organically grown beans sourced from single estate, family-run plantations worldwide, Chocolarder meticulously crafts its stone ground chocolate, ensuring the perfect texture and flavour through roasting, winnowing, and conching. With a commitment to ethical and sustainable practices, including plastic-free packaging, no palm oil or emulsifiers, and supporting reforestation projects, Chocolarder delivers not only exquisite taste but also a conscientious approach to chocolate production.

**Slavery-free ingredients**  
sourced direct from farmers.

“  
**If you're going to put that much time and effort into making something, whether it's pastries or chocolate, you want to be using ethical, high-quality ingredients. You want to be using the best.**  
”

**COCOA LOCO**

These award-winning products are Fairtrade, certified organic and in 100% plastic-free packaging. The whole range of delectable treats are handmade in the UK by an experienced team of chocolatiers.

 G V Made in UK

Thursday Cottage have been hand making their products in small batches for over 60 years since the business was originally based in a little cottage of the same name in Somerset. Their production area was moved to Tiptree, Essex in 2001 but little else has changed especially with the way they produce their delicious products. Their Palm Oil Free Christmas Puddings are produced in small batches on a Nut Free Site using a traditional recipe and are packed individually by hand into their basins. Thursday Cottage use only the finest Pure Country Butter to produce their Christmas Butters and use luxury Courvoisier Brandy in their Brandy Butter. They hand pour their Mincemeat into jars to ensure it contains as much whole fruit as possible, this produces a rich & fruity Mincemeat ready for luxury mince pies!

**THURSDAY COTTAGE'S RANGE OF CHRISTMAS PUDDINGS, CHRISTMAS BUTTERS & MINCEMEAT CAN BE PURCHASED HERE FROM SUMA WHOLEFOODS.**

# Revolutionising Wine.

## NOUGHTY'S IMPACT

---

Thomson & Scott have tipped the wine world on its head.

A premium wine brand, they offer non-alcoholic alternatives now featured on top wine lists worldwide. The trend towards alcohol-free wine is gaining momentum as consumers prioritise taste over alcohol content. Noughty leads this movement, promising a healthier future without compromising on flavour or experience.

### Chardonnay:

Crafted from 100% organic Chardonnay grapes grown in La Mancha, Spain, on sandy and calcareous vineyards. Following traditional winemaking methods in stainless steel vats, the wine undergoes de-alcoholisation via vacuum distillation with aroma recovery, before being lightly carbonated.

**Tasting Notes:** Elegant pale colour with a crisp, ripe apple nose. Perfectly balanced, with a touch of sweetness complemented by the right acidity.

### Rosé:

Made from 100% organic Tempranillo grapes grown in La Mancha, Spain, on sandy and calcareous vineyards. The wine follows traditional winemaking methods in stainless steel vats, undergoing de-alcoholisation via vacuum distillation with aroma recovery. The rosé color comes from a 4-hour maceration on the skins, followed by light carbonation.

**Tasting Notes:** A sparkling rosé with prominent red fruit berry flavours and a hint of elderflower. Refreshingly balanced, with a perfect blend of acidity and sweetness.

*De-alcoholised  
organic, vegan  
and halal wine.*

NOUGHTY

ALT

No compromise on flavour or effervescence, so you can skip alcohol without compromise.

**E. Blanc de Blancs 0% Sparkling**

Hints of green apples, citrus  
JU226 6 x 750ml 49.95 v 13.35

**F. Rose 0% Sparkling**

Crisp hints of Summer berries  
JU233 6 x 750ml 49.95 v 13.35

Due to some EU difference in directives between food processing and winemaking, they are currently not allowing zero percent wines to be classified as organic. The grapes and sugar used are still organic, but there may be a period where it no longer has 'organic' on the label while they wait for a resolution.

DIRTY COW

Feel good being bad through a range of plant-based products that promote conscious indulgence.

# HANDCRAFTED

## *Plant-based meats*

Sgaia's wheat and pea/soya mix creates protein-rich alternative meats, with every single product made individually by hand in a 100% plant-based kitchen to ensure products are as fresh as can be.

Sgaia is where tradition meets innovation. Since 2015, they have been re-inventing timeless delights. Their recipes are crafted with nature's finest treasure: rich and natural tastes. A nourishing culinary pleasure. "Being Scottish, the idea of being vegan and no longer having a national treasure like Lorne sausage didn't sit right with us. Neither does having boring old bean burgers and meat-free bacon lacking taste or a nice texture in the mouth." That's why Sgaia develop vegan meats that can be used in almost any meal, with recipes galore to show how plant-based meats can be used for breakfast, lunch and dinner. Open your eyes and palate to a new way of cooking with vegan meats.

“  
**Our recipes only feature naturally occurring, non-GMO ingredients...**  
**We like to say that we make food, not lab experiments.**  
 ”

**High quality everyday seitan inspired meats.**

# CURIOUS CHEESE

---

*Every truckle tells a tale*

---

Deep in the heart of Wessex, where landscape and legend intertwine, and character and curiosity are around every corner, lies Godminster.

Born in Bruton, they bring the spirit of the West Country to the cheeseboard. Every truckle tells a tale – of myth and mystery, taste and tradition – made hand in hand with our land.

A mission to be at the heart of the cheeseboard of life. Why? Because a cheeseboard is a centrepiece that brings people together around the table, and it's got something for everyone to enjoy, just the way they like it.

'Nature repays those who treat her kindly' is their motto and it's from nature's finest ingredients that they take all of their inspiration. As guardians of their little patch of Somerset, they know that organic farming is the most effective way to create a self-sustaining environment where nature can regenerate and flourish. You'll find only the best British organic milk in their vintage cheddars.

“  
**Nature repays those who treat  
 her kindly**  
 ”

*Richard Hollingbery, Founder*

**Try their  
 award-winning  
 vintage  
 cheddar.**

# SUSTAINABLE STATIONERY

*with style*

---

VENT for Change is a sustainable stationery company that supports children's education projects worldwide.

VENT for change leads the way as a conscientious brand that combines beautifully designed products with an ethical purchasing option. Proceeds from every VENT product sold go towards projects worldwide giving children the education they deserve. VENT for Change combine their ethical and social philosophy with impeccable eco-credentials. From its UK made pencils produced in their own little factory from recycled CD cases, to pocket books made using reclaimed corn fibres and FSC certified sustainable paper—every item has a strong environmental message of its own. VENT also organise an annual Global Education Awareness Day for UK school children highlighting some of the reasons why millions of children worldwide are still missing out on the education they deserve. Did we mention they also give away tens of thousands of pencils each year through their Ambassador for Change programme and their Pencils with Purpose campaign?

**Protecting**  
*the planet and supporting children's education projects worldwide.*

# WILDFLOWERS

---

## *for Busy Bees*

---

The creators of Seedball, Emily and Ana want to fill the world with wildflowers - starting with your garden!

Emily and Ana, the founders of Seedball, are passionate about bringing back the beauty and ecological value of native British wildflowers. Their seed balls are designed to easily transform gardens, balconies, or even window boxes into a haven for wildflowers, attracting pollinators like bees and butterflies.

Traditionally, loose wildflower seeds struggle to germinate, often eaten by animals. Seedball tackles this by encasing seeds in a protective clay shell with nutrients and a touch of chili to deter pests. Once watered, the seeds inside awaken and sprout, creating a beautiful wildflower display. Simply scatter the seed balls and let nature do the rest! Seedball's mission is to make a collective impact on local ecosystems, and they dream of a future where their efforts even help fund wildflower reserves.

“  
**Seedball offers a new twist on an ancient technique for increasing seed germination rates.**  
”

“we want  
Seedball to  
inspire a wildlife  
**gardening  
revolution.**”

30 to 100 seeds  
per ball  
depending  
on varieties

Clay to  
protect the  
seeds from  
predators

chilli powder  
to deter slugs and  
snails eating the  
young shoots

Peat-free  
compost provides  
a little nutrition
